J. W. Showalter, the well known ex-champion chess player, will be at the Lexington Y. M. C. A. tomorrow evening and play about fifteen of the local players. Mr. Showalter plays all of his opponents at the same time, going from board to board between moves.

The horse and buggy taken up on Wall street by Policeman Ryan several nights ago, still remains uncalled for at Conghlin's stable. The outfit was undoubtedly stolen property, and it now looks as though Mr. Ryan is richer to the extent of an equine and vehicle.

Judge and Mrs. W. T. Kenton of Mt. Olivet have come to Maysville to spend the winter, taking rooms at White Hall. Their son is a student at Miss Gordon's Training School and the temporary change is made that the family may be together during the winter.

With the exception of two or three the saloon men of the city have signed and entered into an agreement whereby they bind themselves to conform and conduct their business in consonance with the requirements of the Ordinance passed by Council Monday night. The said Ordinance lays particular stress on gambling and Sunday violations.

The Ladies' Charity Club had an enthusiastic meeting Monday afternoon at the residence of Mrs. John L. Whitaker in Court street, and great good will no doubt result along the lines of charity by these noble women. "Whatever woman can do that, by divine ordination she ought to do, by human allowance she should be privileged to do, by force of destiny in the long run will do."

In Squire John W. Boyer's Court yesterday a spirited suit was on the docket. The Equity Coal Company of Columbus, O., against R. C. Tucker of Washington. The former was suing for a balance of \$62 on a coal account. The trial was by jury and a verdict was rendered in favor of the defendant. Lawyer Frank P. O'Donnell represented the plaintiff, while Attorney Virgil McKnight appeared for the defendant.

RESOLUTIONS ADOPTED

At Winchester Recently By the Burley Tobacco Growers Association

Dr. John A. Reed has handed in the following resolutions for publication. It is addressed to the Chairman of each county of the Burley District and special attention is called to same.

Dear Sir: On Wednesday, January 2d last, the District Board of the Burley Tobacco Society, in session at Winchester, Ky., passed the following motion—

"That the Secretary be instructed to notify the county in the White Burley District not already organized to hold elections for Precinct Representatives in each Precinct on Friday, January 11th, 1907, at 2 p. m., and such Precinct Representatives to meet in county seat on Saturday, January 12th, 1907, at 2 p. m., and elect County Chairmen, who will meet in Winchester, Ky., January 15th, 1907.

"Further, that all Precincts not yet organized to meet on Friday, January 11th, 1907, and elect Precinct Representatives, and, where a sufficient number of such unorganized Precincts exist in any county as to require it, the said newly elected Precinct Representatives shall together with the previously elected Precinct Representatives, meet at the county seat and elect a County Chairman."

Each county is instructed to send in its pledges to Lucien Beckner, Secretary Burley Tobacco Society, Winchester, Ky., by registered letter, on or before Monday, January 14th, 1907, so they may be arranged for presentation to the District Board at that time. Be careful to see that each man's Postoffice and county be written opposite his name on each pledge. Yours Fraternally,

LUCIEN BECKNER, Secretary,

DOVER MAN'S SUCCESS

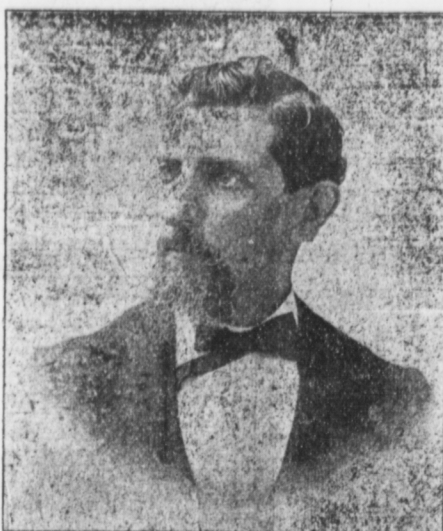

W. A. Bennett Next President of the Cincinnati Chamber of Commerce

Mr. William A. Bennett, a native of Dover and a son of the late prominent Churchman, George W. Bennett, besides being one of the leading lumber merchants of the world, is a candidate for President of the Cincinnati Chamber of Commerce on the Regular ticket, with almost a certainty of election. He is married and resides in a handsome home in the Queen City, with extensive offices in the Mitchell Building on Fourth street.

Mr. Bennett's rise in the lumber trade has been remarkable. Years ago his intuitive business foresight gauged the future lumber market with accuracy, and today he is reaping the fruits of thousands invested in hardwood lumber and timber lands. His trade now covers the continent and he bids fair to be numbered in the millionaire class within the next few years.

He was President of the National Hardwood Lumber Association for a number of years and the fact of his probable election as presiding officer of a great representative body like the Cincinnati Chamber of Commerce is evidence of his sterling worth and popularity.

His scores of home friends will join us in congratulating him upon his rapid but merited success.

THE report that CLEVELAND is experiencing a gas famine sounds rather strange and inconsistent when one understands that Mayor TOM L. JOHNSON's hot air tank is always on tap in the Forest city.

THE HON. JOSEPH BENSON FORAKER is going to have the most interesting hours of his always notable career in leading the marauding and murderous battalion of the black hussars out of their disgraceful scrape.

FRAUDULENT newspaper advertisements are being made the subject of an investigation by United States District Attorney SIMS, and criminal prosecutions may follow if it is found there is a law to fit the offense.

It is possible that there will be an extra session of the Ohio State Legislature, called to take summary action on some of the existing laws. As planned at present, it is the intention of those behind the movement to have a special session of the Legislature meet at once. The Aikin Saloon Law may be amended.

CINCINNATI's new \$6,000,000 water-works plant is now in operation, but do not judge for a moment that the water wagon cuts any extensive figure in the Queen City's moral make-up, except, perhaps, to flush the sewers. The beer wagon has the water wagon skinned a block in Cincinnati, and Mayor DEMPSEY wouldn't know a lid if he saw one rolling down Vine street or nailed up on the East front of the City Hall.

THE Japanese war cloud is inflated with a superabundance of hot air. The United States is in no danger now of a conflict with the scrappy little fellows, as Japan would be licked a dinged sight quicker by Uncle Sam than the former did up Russia. Besides, England has a diplomatic mortgage on Japan and wouldn't allow the bout to take place.

UNCLE ANDY CARNEGIE seems determined to have peace at any old price and has notified President ROOSEVELT of his intention to donate the sum of \$150,000, for the erection in Washington of a magnificent structure to be known as the "Peace Palace," and occupied as a home for the Bureau of Latin Republics. The new building will be a companion piece to the Hague Tribunal palace which, was also erected with Mr. CARNEGIE's money.

THE glad New Year was ushered in with two frightful railroad wrecks and the year 1907 will no doubt be as notable for this class of horrors as any in the calendar. When you purchase your railroad transportation always be particular to have your will duly executed and your business affairs in apple pie order before you board the train. This is one of the penalties of the strenuous American life that one is liable to be hurled into eternity on any journey, and no person can escape the danger only by remaining at home.

Why Vinol Is Better Than Any Other Remedy to Restore Health and Strength

Vinol
WE RETURN MONEY IF IT FAILS TO GIVE SATISFACTION
JOHN C. PECOR, Druggist.

Because Vinol is a real Cod Liver Preparation and does not contain a single disagreeable or harmful ingredient and is not a secret formula.
Because Vinol contains all the medicinal elements—the soothing, healing, strengthening and flesh creative properties of Cod Liver Oil—but without oil or grease.
Because everything in Vinol—except the tonic iron and a fine old wine,—is actually extracted from fresh cods' livers and their oil.
Because Vinol is deliciously palatable and agreeable under all conditions. Everybody likes it.
Because Vinol tones up the system, strengthens every organ, nerve, muscle and fibre of the whole body and thus overcomes weakness by thoroughly eradicating the cause of disease.
That's Why Vinol is altogether different and better than any other remedy for Coughs, Colds, Bronchitis, and all Throat, Lung and Wasting Diseases.
That's Why Vinol Restores Health and Strength to Delicate Children, Feeble Old People, Weak and Sickly Persons, Nursing Mothers, and Convalescents.

PATENT OFFICE IS FLOODED.
Press of Inventions Leads to Demand for Larger Quarters.

The inventive breed is not dying out in America. The commissioner of patents at Washington calls loudly for larger quarters, more clerks and bigger pay for overworked examiners. There is such a flood of new devices pouring into the patent office as was never seen before. The examiners are fairly swamped and are a full year behind in their work.
Naturally enough, motors and submarine and aerial navigating devices lead the list. Modern man insists upon flying, and the inventor who adds speed to his passing to and fro upon the earth, in the air, or in or under the water is certain of his reward.
The inventors are no believers in the early coming of peace among the nations, for improvements upon weapons and new explosives are well nigh as numerous as new motors. Yet with all this gunning for gain and racing for fame on the part of the inventors the chances are that some unconsidered trifle like the wooden ball with a rubber string, or the globe catch for women's purses will win the largest rewards in the future as in the past.

POKES FUN AT CEREMONY.
Ludwig Fulda Sees Humor in Americanisms of Lecture Room.

In his "Impressions of America," Ludwig Fulda says this about the Americanisms of the lecture room: "The speaker never ascends the rostrum alone. He is always accompanied by a guard of honor. He is not allowed to mount the tribune at once, but is compelled to sit in a big chair, a sort of coronation throne. While he sits there, like a silent imperator, some well known person, a member of the committee, president of the society or head of a university, steps forward and tells all he knows about the guest of the evening by way of introduction. He tells the life story and enumerates the books which may have been written by the poor enthroned man, who tries in vain to assume a learned expression. The speaker ends by pronouncing the name of the guest in a loud voice. That is the cue for the guest to rise and ascend to the reading desk. In the meantime the man who made the introduction sits down in the big chair and remains there until the lecture is over. I must confess that while one is speaking the man in the chair, despite all the words of praise which he may have uttered, may yawn or sleeping."

Two Fleming county merchants made assignments the past few days. J. T. Ishmael of Cowan made an assignment to Attorney J. Marvin McIntire. His assets are estimated at \$2,000, and liabilities at \$1,800. Bad collections and pushing creditors are given as a cause for his failure. James G. Rice, near Balm, Saturday filed a deed of assignment to Wiley Rice and David Porter. The assets and liabilities are estimated at \$2,500, each, and the cause of the failure is the old story of selling too many goods on credit.

George W. Stuart has on his farm, near Newport, Me., an apple tree which bears coreless apples. This year the tree bore two bushels of fruit, every apple of which was devoid of a core. The tree was planted on the farm years ago by Moses Stuart, grandfather of the present occupant. The phenomenon is being studied by experts on fruit growing.

When the January term of the Kentucky Court of Appeals opened Monday Judge Edward C. O'Rear of Montgomery county went upon the Bench as Chief Justice of the Court, succeeding Chief Justice Hobson, who took his seat as an Associate Judge of the Court. Judge O'Rear, who is the only Republican member of the present court, will occupy the station of Chief Justice for two years, having served for six years of his term as an Associate Judge.

THE HOME MERCHANT.

Who is the home merchant? He is the man who helps pay for the streets upon which you walk; for the schools in which your children are (and perhaps you were) educated; he helps keep up the Church in which you worship; he is the man who builds a home which enhances the value of your property; every subscription paper that is passed around, his name is on it; he is the one who cannot afford to swindle you; he bears his share of the burden of good government, and stays with you in sunshine and darkness, in adversity and prosperity. But these are but a few of the reasons why your patronage should be given to the home merchant.

SHOW SKILL IN IRRIGATION.

African Tribe Has Little to Learn in This Branch of Agriculture.

Excepting, perhaps, some Malayan tribes, the African negroes are said to be the finest agriculturists of all the natural races, says the Southern Workman. The Bongos are said to have a greater variety of garden plants around their huts than are found in the fields and gardens of a German village. Irrigation is practiced. The Angolos, in the Congo district, have practical irrigation. The Wachungu show wonderful skill in irrigating their terraced hillsides by tunnels of water diverted from the main stream. "They have a clear mode of irrigating equally a given surface. As the little canals of water are always elevated above the cultivated plants they will tap them at a convenient spot above the beds to be watered, and then turn the stream into a rough conduit made of the hollow stems of bananas cut in half, the end of each stem overlapping the next. Then, as the water enters the last joint, it is freely turned right and left, distributing the vivifying stream in all directions.

Accommodated Customers.

Quincy Tufts, an old-time dealer in men's furnishings, whose place of business was in the old Herald building, on Washington street, Boston, was celebrated for his extreme courtesy in dealing with trying customers. On one occasion a man whom we will call Mr. A. remarked on this trait to another man whom we will call Mr. B. Whereupon the latter laid a wager that he could ruffle the temper of Mr. Tufts. The wager was accepted, and the two repaired to Mr. Tufts' place of business.

Mr. B. asked to see samples of men's suitings. Mr. Tufts produced piece after piece of cloth, until the supply was exhausted, and Mr. B., selecting one, said, "I will take just I cent's worth of this."

Mr. Tufts took a penny from his pocket, and placing it upon the cloth, with a piece of chalk drew an outline upon the cloth and cut out a piece of it, and with the utmost politeness handed it to Mr. B.

The wager was paid.

A Remarkable Orchestra.

At a recent concert given by the boys of the British school at Yarmouth the audience had a most agreeable surprise in what was described on the programme as "Instrumental selection by the orchestra." Eighty boys had each come provided with a comb covered with paper, and with these very homely instruments they rendered the intermezzo from "Cavalleria Rusticana" splendidly, and also played overtures and incidental music for the soloists.

Mr. Edmond Henderson is somewhat indignant at the officers on the steamer Greenwood. He brought a bunch of hogs here Saturday to ship. A long train of freight cars were on the track. The boatmen would not wait till the trainmen could detach the cars to allow the hogs to pass over the track. This is the second time this has happened within the year, resulting in much inconvenience to farmers and stockmen. The hogs are here this a. m. Monday.

Secretary Claude F. Snyder of the Kentucky Board of Fire Underwriters has sent to Insurance Commissioner Prewitt a copy of a letter which he has addressed to inspectors, local board secretaries and agents over the state, advising them of the suspension of the general increase of rates announced in June last at the Olympia Springs meeting of the board. Commissioner Prewitt was present at the meeting and opposed the increase at the time.

TWICE-TOLD TESTIMONY.

Maysville People Are Doing All They Can for Fellow Sufferers.

Maysville testimony has been published to prove the merit of Doan's Kidney Pills to others in Maysville who suffer from bad backs and kidney ills. Lest any sufferer doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Maysville people saying that the cures they told of years ago were permanent. Here's a Maysville case:

George N. Crawford, blacksmith and wheelwright, at Second and Lee streets, and living at 216 East Lee street, Maysville, Ky., says: "In the spring of 1900 I gave a testimonial telling what Doan's Kidney Pills had done for me, and I am pleased to say I can just as warmly recommend this remedy now as I did then. No other medicine ever gave me such prompt and positive relief from backache and kidney trouble as Doan's Kidney Pills, procured at J. Jas. Wood & Son's Drugstore, and I believe them to be by far the best remedy for kidney ills. Sufferers from such troubles ought to give it a trial."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take as substitute.

Hamilton, O., Big Fire Damaged SHOE STOCK

Will Go on Sale Thursday Morning at 40 Per Cent. Off Cost.

The insurance adjusters turned over to us the Miami Shoe Co.'s stock, which was damaged by fire in the \$500,000 disastrous mercantile fire, which occurred at Hamilton, O., November 7th. THIS WILL BE A SALE OF WHICH THERE HAS NEVER BEEN A PARALLEL. The Miami Shoe Stores were the largest and most important in Hamilton, their stock consisting of the best known standard makes only. The fire occurring on November 7th, the very height of the season, when not alone their regular stocks were the fullest, but it included their entire stock of Xmas Slippers, Holiday Shoes and Rubbers, all of which will be in this sale.

Copied From Cincinnati Enquirer, November 7th.

CITY'S HEART IMPERILED.

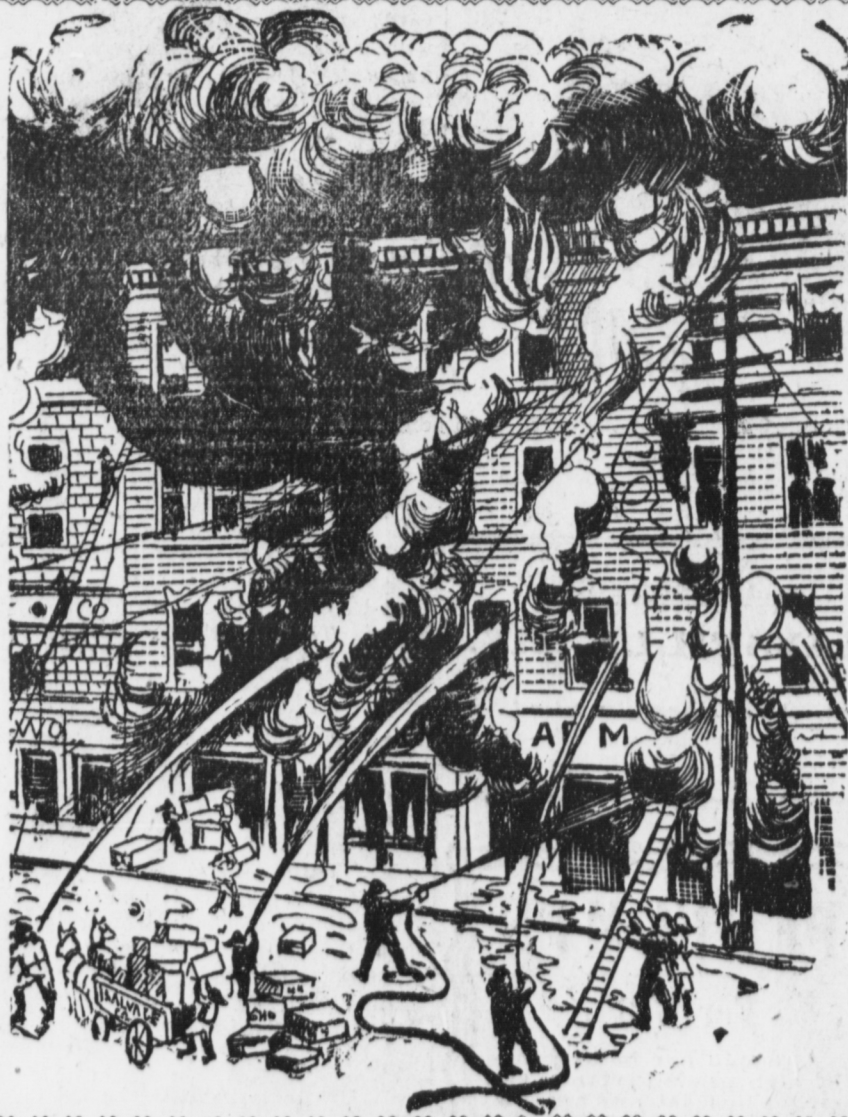

Most Destructive Fire in the History of Hamilton, O., Lays Waste Business Structures and Costly Stock—Loss Thus Far Estimated at a Million—Cincinnati Appealed To

HAMILTON, O., November 7th.—The worst fire in the history of this city started at 1 o'clock this morning in the center of Hamilton's drygoods store district in High street. The building and stock of the C. D. Mathes Company are in ruins at a loss of \$300,000, the owner's estimate. Holbrook's drygoods store and stock adjoining are destroyed, the loss being \$100,000.

The Miami Shoe Store next door's loss is \$100,000. The aggregate loss is estimated at \$1,000,000.

At 2 a. m. the fire is savagely eating its way into other buildings. All that the Fire Department can do is to make a feeble attempt to stay the flames.

Mayor Thomas has sent to Cincinnati for assistance. It looks now as if the heart of Hamilton is doomed.

The magnitude of this stock can be realized when you read that we were compelled to charter a factory and its entire force of employes (the Maloney Shoe Factory of Cincinnati, O.) to assist in assorting, arranging and preparing this stock ready for sale, it taking the combined force just five weeks.

Further detail is not necessary, only we wish to say that our instructions have been to convert this stock into cash, and from the way this stock has been marked we should accomplish this without an effort. We urge every one of our customers, friends and their friends to be here, as these are the best bargains this store has ever given. Sale starts Thursday morning at 8:30, and will continue from day to day until the entire stock is sold.

SPECIALS FOR THIS SALE—Dorothy Dodd, fine Shoes for ladies. Red Cross, fine Shoes for ladies. Stacy & Adams, fine Shoes for men at prices never before heard of in Maysville.
